

Southern Africa Bible College

☼ A Special Project for South Africa ☼

Training South Africa's Own People To Evangelize Their Own Country

We are asking congregations to schedule or make a **Special Contribution for South Africa** to assist us with an urgent need at the *Southern Africa Bible College*. Your participation will enhance the practical training at the Bible College and help SABC in providing opportunities for our students to evangelize in various areas. They need practical experience while they develop Biblical knowledge and gain the ability to present the Gospel effectively. Our combined gifts will help secure reliable transportation for SABC.

Joint contributions from South Africa will also be used to help purchase the bus that will provide practical evangelistic experiences for SABC's students.

Please remember this **special project for South Africa**. The new (or used) van is necessary to further equip our students in preaching and planting new churches. If congregations cannot arrange for a special collection due to other obligations, any donation from churches or individuals will be most welcomed!

Please join us in providing reliable transportation:

The challenges abound. The opportunities are on the increase. Africa stands as a unique victory for the Cause of the Lord. The demand for effective training in South Africa is greater than ever. We are asking you to make a special contribution to provide reliable transportation for evangelistic efforts of our students in South Africa. Can we count on you?

On Behalf of Those Yet Untold,

Jerry V. Hogg
