July 2010

## BATAM BIBLE COLLEGE

Dear Brothers and Sisters in Christ,

On July 31, 2010 Batam Bible College had a graduating class of ten men. These men are returning home with the challenge to proclaim the gospel of Christ, to preach the word so that those in their towns and villages may be saved.

There are also twenty 1st term students going home to share the word of God with their family and friends. This is part of the cycle of the Great Commission which is the basis for the expansion and development of the church every where the gospel of Christ is preached. These men are from Borneo, Sumatra, Nias, Sulawesi, Batam, Papua, and Java, which encompasses the entire nation of Indonesia.

Batam Bible College and Mission Indonesia work hand in hand to fulfill our goal of planting the church in every major city, town, and village in Indonesia. However we can't do it alone, we need your help to accomplish this goal. One way you can help is to speak to your friends and relatives through out the country about Mission Indonesia and Batam Bible College. I have just returned to the States to search for additional partners in taking the gospel to Indonesia as our work has eclipsed the funding that is available at this time. **You can contact me at wlbolt@gmail.com or simply call me at 304-612-9684.**

## CHURCH PLANTINGS

During the month of July we started making plans for the proclamation of the Gospel in West Kalimantan in Borneo. The South Baton Rouge Church of Christ sponsored a mission team in the city of Pontianak, the capital city of West Kalimantan. It is now spreading through out the province through the training of men in Batam Bible College. Brother Yonathan Suparso my assistant director of Mission Indonesia is at this time in West Kalimantan working with the men who graduated this year. **So far they have planted three new congregations with fifty-one baptisms.**
