

Ministry Training

July 19-23, 2010

We had a wonderful week of classes. One of the best Brazilian Bible professors, Alvaro Pestana, was here to teach *Exegeses and Hermeneutics* in a three day intensive course. Though we have good local teachers it would be a real blessing to have him here to teach courses like this on a fulltime basis.

26 students studied in the 27 hour intensive course

Left to right: Alvaro Pestana teaching. Randy and Kathy, Ricardo and Sueneide, Alvaro and Linda.

Continue to pray for our training school. We have big plans for expansion. It will be costly but we believe that money invested in Brazilians is a better way to evangelize this country than to constantly seek out American missionaries.

Blessing to all from Recife,

Randy
